Goldfields
Limited**

IMPORTANT NOTICE

No reliance:

This presentation is a document that has been prepared by Eastern Goldfields Limited, to be re-named Ora Banda Mining Limited (“Company”, “OBM” or “Ora Banda”) for the purpose of providing a company and technical overview to interested investors. None of the Company, nor any of its related bodies corporate, their respective directors, partners, employees or advisers or any other person (“Relevant Parties”) makes any representations or warranty to, or takes responsibility for, the accuracy, reliability or completeness of the information contained in this document, to the recipient of this document (“Recipient”), and nothing contained in it is, or may be relied upon as, a promise or representation, whether as to the past or future. Recipients of the document must make their own independent investigations, consideration and evaluation. By accepting this document, the Recipient agrees that if it proceeds further with its investigations, consideration or evaluation of investing in the Company, it will make and rely solely upon its own investigations and inquiries, and not upon this document.

Limited disclosure:

The information in this presentation does not purport to be complete, nor does it contain all the information that would be required in a disclosure statement or prospectus prepared in accordance with the Corporations Act 2001 (Cth). It should be read in conjunction with the Company’s other periodic and continuous disclosure announcements lodged with the Australian Securities Exchange, which are available at www.asx.com.au.

Seek your own advice:

This presentation is not a recommendation to acquire Company shares and has been prepared without taking into account the individual objectives, financial situation or needs of interested individuals. Before making an investment decision prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek appropriate financial, legal, taxation and other appropriate advice. Except to the extent prohibited by law, the Relevant Parties disclaim all liability that may otherwise arise due to any of this information being inaccurate or incomplete. By obtaining this document, the Recipient releases the Relevant Parties from liability to the Recipient for any loss or damage that it may suffer or incur arising directly or indirectly out of or in connection with any use of or reliance on any of this information, whether such liability arises in contract, tort (including negligence) or otherwise.

No offer to acquire Company shares:

This presentation is not, and should not be considered, an invitation to acquire Company shares or any other financial products, and neither this document nor any of its contents will form the basis of any contract or commitment. In particular, this document does not constitute any part of any offer to sell, or the solicitation of an offer to buy, any securities in the United States or to, or for the account or benefit of any ‘US person’ as defined in Regulation S under the U.S. Securities Act of 1993 (“Securities Act”). The Company’s shares have not been, and will not be, registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States, and may not be offered or sold in the United States or to any US person without being so registered or pursuant to an exemption from registration.

Forward-looking statements:

The Company has prepared this presentation based on information available to it. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this announcement. To the maximum extent permitted by law, none of the Company, its directors, employees or agents, advisers, nor any other person accepts any liability, including, without limitation, any liability arising from fault or negligence on the part of any of them or any other person, for any loss arising from the use of this announcement or its contents or otherwise arising in connection with it. This presentation is not an offer, invitation, solicitation or other recommendation with respect to the subscription for, purchase or sale of any security, and neither this presentation nor anything in it shall form the basis of any contract or commitment whatsoever. This presentation may contain forward looking statements that are subject to risk factors associated with gold exploration, mining and production businesses. It is believed that the expectations reflected in these statements are reasonable but they may be affected by a variety of variables and changes in underlying assumptions which could cause actual results or trends to differ materially, including but not limited to price fluctuations, actual demand, currency fluctuations, drilling and production results, reserve estimations, loss of market, industry competition, environmental risks, physical risks, legislative, fiscal and regulatory changes, economic and financial market conditions in various countries and regions, political risks, project delay or advancement, approvals and cost estimates.

Competent Person Statements

The information in this Presentation that relates to Exploration Results, and the Sand King, Missouri Mineral Resources is based on information compiled under the supervision of Mr Andrew Czerw, an employee of Eastern Goldfields Limited, who is Member of the Australian Institute of Mining and Metallurgy. Mr Czerw has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Mr Czerw consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this Presentation that relates to Mineral Resources (with the exception of the Sand King and Missouri Mineral Resources) is based on information compiled under the supervision of Mr Andrew Czerw, an employee of Eastern Goldfields Limited, who is Member of the Australian Institute of Mining and Metallurgy. Mr Czerw has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2004 and 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement. The Company confirms that the form and context in which the Competent Person’s findings are presented have not been modified from the original announcement and, in the case of estimates of Mineral Resources, all material assumptions and technical parameters underpinning the estimates in the initial announcement continue to apply and have not materially changed. This information was prepared and first disclosed under the JORC Code 2004. It has not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since it was last reported.

The information in this Prospectus that relates to Ore Reserves is based on information compiled under the supervision of Mr Craig Mann, who is an independent mining engineering consultant and a full-time employee of Entech Pty Ltd. Mr Mann has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Mr Mann consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

Unless otherwise stated, all Mineral Resources and Ore Reserves (with the exception of Missouri and Sand King) are reported in accordance with JORC 2004. The relevant information has not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since it was last reported.

IMPORTANT NOTICE

New Zealand

This document has not been registered, filed with or approved by any New Zealand regulatory authority under the Financial Markets Conduct Act 2013 (New Zealand) (the FMC Act). The New Shares are not being offered or sold in New Zealand (or allotted with a view to being offered for sale in New Zealand) other than to a person who (a) is an investment business within the meaning of clause 37 of Schedule 1 of the FMC Act; (b) meets the investment activity criteria specified in clause 38 of Schedule 1 of the FMC Act; (c) is large within the meaning of clause 39 of Schedule 1 of the FMC Act; (d) is a government agency within the meaning of clause 40 of Schedule 1 of the FMC Act; or (e) is an eligible investor within the meaning of clause 41 of Schedule 1 of the FMC Act.

Hong Kong

WARNING: This document has not been, and will not be, registered as a prospectus under the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong, nor has it been authorised by the Securities and Futures Commission in Hong Kong pursuant to the Securities and Futures Ordinance (Cap. 571) of the Laws of Hong Kong (the SFO). No action has been taken in Hong Kong to authorise or register this document or to permit the distribution of this document or any documents issued in connection with it. Accordingly, the New Shares have not been and will not be offered or sold in Hong Kong other than to "professional investors" (as defined in the SFO and any rules made under that ordinance).

No advertisement, invitation or document relating to the New Shares has been or will be issued, or has been or will be in the possession of any person for the purpose of issue, in Hong Kong or elsewhere that is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to New Shares that are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors. No person allotted New Shares may sell, or offer to sell, such securities in circumstances that amount to an offer to the public in Hong Kong within six months following the date of issue of such securities.

The contents of this document have not been reviewed by any Hong Kong regulatory authority. You are advised to exercise caution in relation to the offer. If you are in doubt about any contents of this document, you should obtain independent professional advice.

Singapore

This document and any other materials relating to the New Shares have not been, and will not be, lodged or registered as a prospectus in Singapore with the Monetary Authority of Singapore. Accordingly, this document and any other document or materials in connection with the offer or sale, or invitation for subscription or purchase, of New Shares, may not be issued, circulated or distributed, nor may the New Shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore except pursuant to and in accordance with exemptions in Subdivision (4) Division 1, Part XIII of the SFA, or as otherwise pursuant to, and in accordance with the conditions of any other applicable provisions of the SFA.

This document has been given to you on the basis that you are (i) an existing holder of the Company's shares, (ii) an "institutional investor" (as defined in the SFA) or (iii) an "accredited investor" (as defined in the SFA). In the event that you are not an investor falling within any of the categories set out above, please return this document immediately. You may not forward or circulate this document to any other person in Singapore.

Any offer is not made to you with a view to the New Shares being subsequently offered for sale to any other party. There are on-sale restrictions in Singapore that may be applicable to investors who acquire New Shares. As such, investors are advised to acquaint themselves with the SFA provisions relating to resale restrictions in Singapore and comply accordingly.

United Kingdom

Neither this document nor any other document relating to the offer has been delivered for approval to the Financial Conduct Authority in the United Kingdom and no prospectus (within the meaning of section 85 of the FSMA) has been published or is intended to be published in respect of the New Shares. This document is issued on a confidential basis to "qualified investors" (within the meaning of section 86(7) of the FSMA) in the United Kingdom, and the New Shares may not be offered or sold in the United Kingdom by means of this document, any accompanying letter or any other document, except in circumstances which do not require the publication of a prospectus pursuant to section 86(1) of the FSMA. This document should not be distributed, published or reproduced, in whole or in part, nor may its contents be disclosed by recipients to any other person in the United Kingdom.

Any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received in connection with the issue or sale of the New Shares has only been communicated or caused to be communicated and will only be communicated or caused to be communicated in the United Kingdom in circumstances in which section 21(1) of the FSMA does not apply to the Company.

In the United Kingdom, this document is being distributed only to, and is directed at, persons (i) who have professional experience in matters relating to investments falling within Article 19(5) (investment professionals) of the Financial Services and Markets Act 2000 (Financial Promotions) Order 2005 (FPO), (ii) who fall within the categories of persons referred to in Article 49(2)(a) to (d) (high net worth companies, unincorporated associations, etc.) of the FPO or (iii) to whom it may otherwise be lawfully communicated (together "relevant persons"). The investments to which this document relates are available only to, and offer or agreement to purchase will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

Canada

This document constitutes an offering of New Shares only in the Provinces and to those persons to whom they may be lawfully distributed in the Provinces, and only by persons permitted to sell such New Shares. This document is not, and under no circumstances is to be construed as, an advertisement or a public offering of securities in the Provinces. This document may only be distributed in the Provinces to persons that are "accredited investors" within the meaning of NI 45-106 – Prospectus Exemptions, of the Canadian Securities Administrators.

No securities commission or similar authority in the Provinces has reviewed or in any way passed upon this document, the merits of the New Shares or the offering of New Shares and any representation to the contrary is an offence.

No prospectus has been, or will be, filed in the Provinces with respect to the offering of New Shares or the resale of such securities. Any person in the Provinces lawfully participating in the offer will not receive the information, legal rights or protections that would be afforded had a prospectus been filed and receipted by the securities regulator in the applicable Province. Furthermore, any resale of the New Shares in the Provinces must be made in accordance with applicable Canadian securities laws which may require resales to be made in accordance with exemptions from dealer registration and prospectus requirements. These resale restrictions may in some circumstances apply to resales of the New Shares outside Canada and, as a result, Canadian purchasers should seek legal advice prior to any resale of the New Shares.

The Company as well as its directors and officers may be located outside Canada and, as a result, it may not be possible for purchasers to effect service of process within Canada upon the Company or its directors or officers. All or a substantial portion of the assets of the Company and such persons may be located outside Canada and, as a result, it may not be possible to satisfy a judgment against the Company or such persons in Canada or to enforce a judgment obtained in Canadian courts against the Company or such persons outside Canada.

Any financial information contained in this document has been prepared in accordance with Australian Accounting Standards and also comply with International Financial Reporting Standards and interpretations issued by the International Accounting Standards Board.

- A team of supportive stakeholders – comprising creditors, shareholders and new Board – have set a strategy to provide a clean, de-risked re-start for Eastern Goldfields Ltd (to be renamed Ora Banda Mining Ltd (“Ora Banda”, “OBM” or “Company)). **A New Dawn.**
- Ora Banda’s focus is to unlock significant value from the Company’s strategic and prospective landholding. To achieve this, the Company will progress the following:

1 Exploration & Resource Definition

Systematic exploration program including infill and extensional drilling of high priority resources together with a regional exploration program testing a number of advanced prospects

2 Detailed Mine Planning

12 month evaluation period for Reserve estimation, mine planning, approvals, study work and the economic modelling required prior to production restart

- Targeting a robust Definitive Feasibility Study (“DFS”) (completion expected in 2H 2020) to underpin future project development. It will be the first opportunity to properly optimise the ore delivery schedule and maximise cash flow, ensuring a strong, de-risked foundation for a new dawn, underpinned by the following key benefits:

✓ **1. Existing Processing Hub (@1.2Mtpa)**

✓ **2. Large & Prospective Landholding (1,336km²)**

✓ **3. Known High Grade Resources**

✓ **4. Tier 1 Gold Mining Jurisdiction**

✓ **5. Experienced New Resources Board**

✓ **6. Strong Balance Sheet and Well Capitalised**

✓ **7. Targeting Near Term Production & Cash Flow Potential**

✓ **8. Low Cost Re-start Limits Dilution**

WHAT HAVE WE BEEN DOING?

ALL CREDITOR CLAIMS EXTINGUISHED

- In February 2019, creditors voted in favour of a Deed of Company Arrangement (“DOCA”) proposed by the Company’s major secured creditor and key financier, Hawke’s Point Holdings I Limited
 - Ferrier Hodgson acting as Administrators from November 2018
 - The DOCA has created a framework for a group of supportive stakeholders (creditors, shareholders and new board members) to combine to provide a clean slate for the Company
- All claims and debts existing against the Company pre administration are extinguished on DOCA completion
- The settlement of creditors comprises:
 - Payment of \$13.3 million in cash, from proceeds of the proposed Capital Raising
 - Issue of 1,393 million shares (pre consolidation basis)
- Conditions precedent to DOCA completion included completion of Capital Raising (detailed over) and Administration / Board being satisfied that shareholder approvals related to the Capital Raising will be obtained
- On 28 May 2019 the Company announced a \$30 million Capital Raising had been completed, the DOCA had been effectuated and control of the Company was returned to the Directors

- On 30 April 2019 a recapitalisation plan involving a Capital Raising for a **minimum of \$30 million and maximum of \$40 million** was announced. Such a Capital Raising would leave Ora Banda debt-free and well-funded to execute its revised corporate strategy

WHAT DOES THE FUTURE HOLD?

FAST, LOW-COST RE-START WITH DAVYHURST PLANT

- Significant 1.2Mtpa Davyhurst Processing Plant in place
- **MACA Interquip estimate \$15m capex to fully refurbish plant (PFS level estimate) (+/- 25%)**
- Ora Banda to investigate options to reduce this cost
- Rapid re-start, with current estimate of only approximately 6 months from FID to first gold pour
- Plant refurbishment undertaken with \$34m spent in 2016 & 2017
- Configuration enables treatment of both oxide and fresh ores
- Operated until Q3 2018 but was not supplied with sufficient critical spares during this period
- Majority of ore processed during this period was from low grade stocks

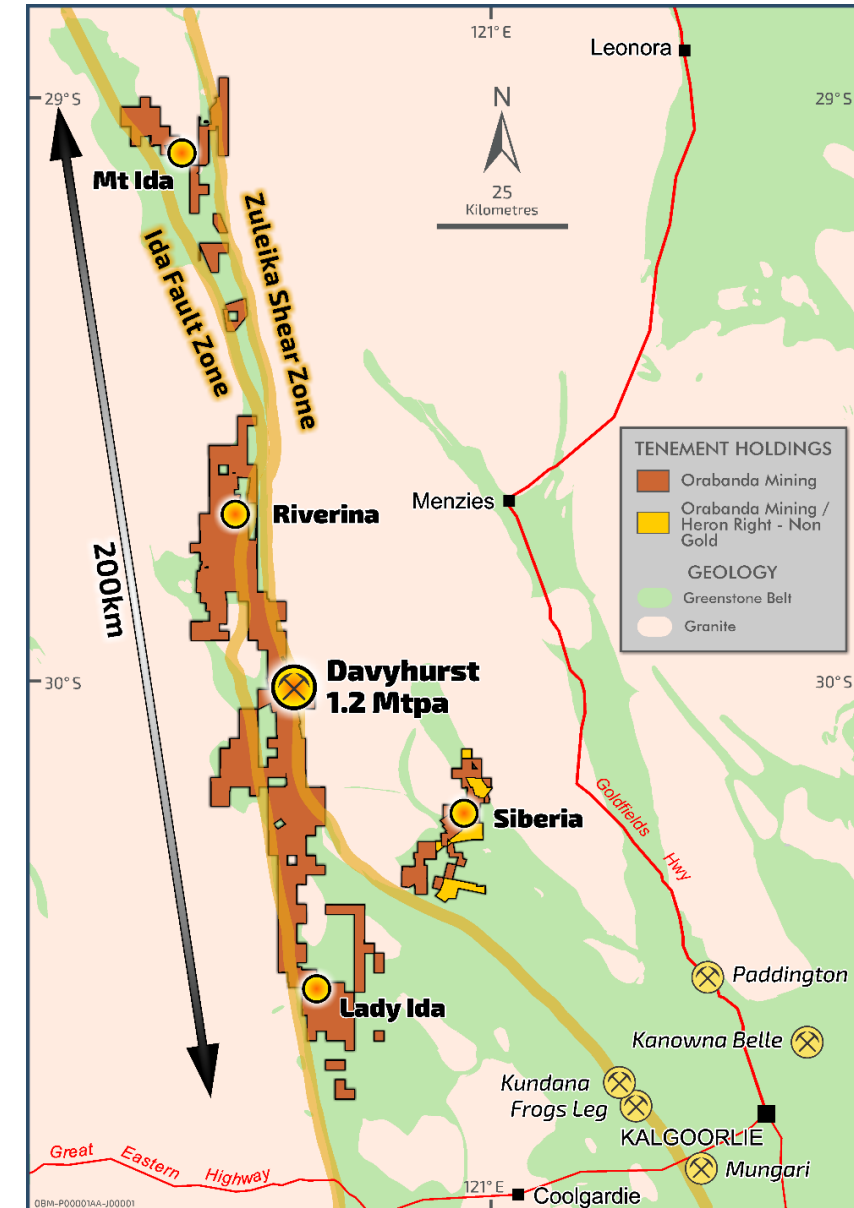

EXISTING INFRASTRUCTURE IN PLACE

- Significant infrastructure in place facilitates near term production with low capex
- Not shown here:
 - Admin buildings
 - Workshops
 - Airstrip
 - Large bore field

LARGE & PROSPECTIVE TENURE

- **Large scale project, covering 200 strike kilometres of highly prospective greenstone belt**
- Project located 120km NW of Kalgoorlie
- Landholding of 1,336km², comprising 112 tenements
 - Strong project pipeline from grass roots through to near mine
- Strategic tenement consolidation occurred in 2007
 - No coherent exploration undertaken since then
- Tenements host two very significant geological structures
 - Zuleika Shear (associated with Kundana & Frogs Legs)
 - Ida Fault

HIGH GRADE RESERVE & RESOURCE

23 & 2

- 23 individual deposits in Resources, and only two of these deposits in Reserve
- Potential to increase Resources and Reserves with infill and extension drilling

1.8Moz

- Mineral Resource: **21.0Mt @ 2.6g/t for 1.8Moz**
- Company focused on building Resources and converting Resources to Reserves

2.8 g/t

- Five key projects contain a high-grade Resource of **9.2Mt @ 2.8g/t for 840koz**
- Mine Reserve: 2.0Mt @ 2.3g/t for 150koz

 - Expanded JORC 2012 Resource upgrades → JORC 2012 Reserves
 - Reserves to be incorporated into DFS
 - DFS expected to deliver key parameters of initial 5-year mining investment case

* Refer to ASX announcement dated 15 December 2016 & 3 January 2017 and to ASX release "Swan Gold Prospectus", 13/2/2013, for classified Mineral Resources reported in accordance with the JORC Code.

1 RIVERINA

Overview	<i>Priority development target with significant open pit and underground potential. Near term production opportunity, and only 48km by road from Davyhurst plant</i>
Existing Resources	<p>Riverina deposits host three significant lodes</p> <ul style="list-style-type: none"> Main Lode, Murchison Lode & Reggie Lode Existing Resource of 2.6Mt @ 2.5g/t for 205koz*
Exploration Potential	<ul style="list-style-type: none"> Along strike & depth extensions exist, poorly tested to date Considerable scope to grow resource base
Planned Programme	<ul style="list-style-type: none"> Development effort focussed on JORC 2012 Resource upgrades & Reserve definition Planned drilling program of +13,800m Focus defined on “Main Mining Area” and underground potential remains open

1 RIVERINA (MAIN LODE)

Mine Development

- Primary focus is on resource upgrades & expanding open pit reserve
- Ongoing work looking at expanding potential underground resource targets

RIVERINA (MURCHISON & REGGIE LODES)

2 WAIHI (MAIN LODGE)

Mine Development

2 WAIHI (HOMEWARD BOUND & GOLDEN POLE)

Mine Development

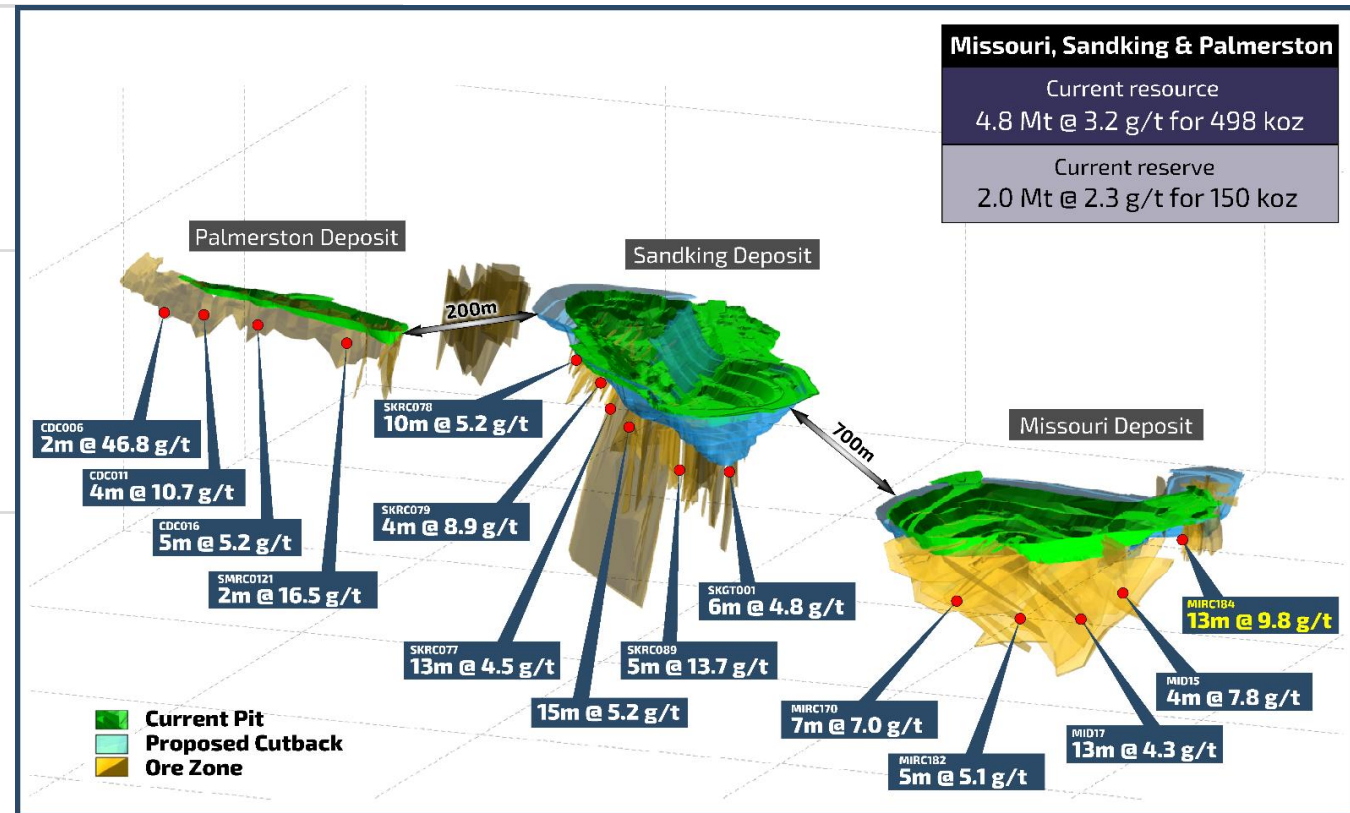

- Golden Pole produced 81kt @29.6g/t for 77koz** (between 1900 and 1939)
- There is no drilling down plunge, and ore remains in hanging wall of stope
- Golden Pole historically mined to a depth of 190m below surface (275mRL)
- Deepest drill intercept is only 120m below surface (345mRL)

* Refer to ASX announcement dated 17 April 2018, and for further drilling details refer EGS website; Project Overview www.easterngoldfields.com.au

** Historical underground production figures sourced from W.A. Mines Department Records (Minedex).

Overview	<p><i>Sand King and Missouri present open pit cut-back mining opportunities located only 37km from Davyhurst Plant. Revised mine evaluation works targeting higher margin / higher grade ore tonnes</i></p>

EXPLORATION PIPELINE

VERY PROSPECTIVE EXPLORATION

Exploration

Large landholding covering 1,336km² and many kms of prospective strike

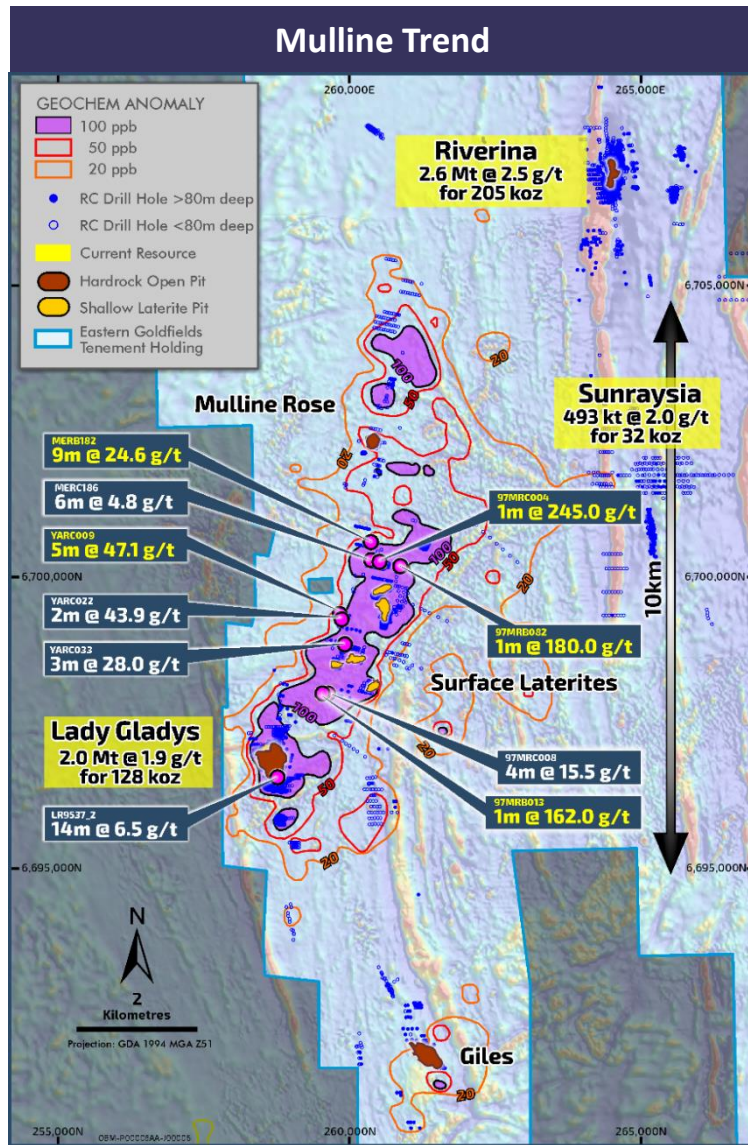

Tenement consolidation occurred in 2007, but no coherent exploration effort undertaken yet

Of the 48,000 holes in the database, fewer than 600 are drilled deeper than 200m

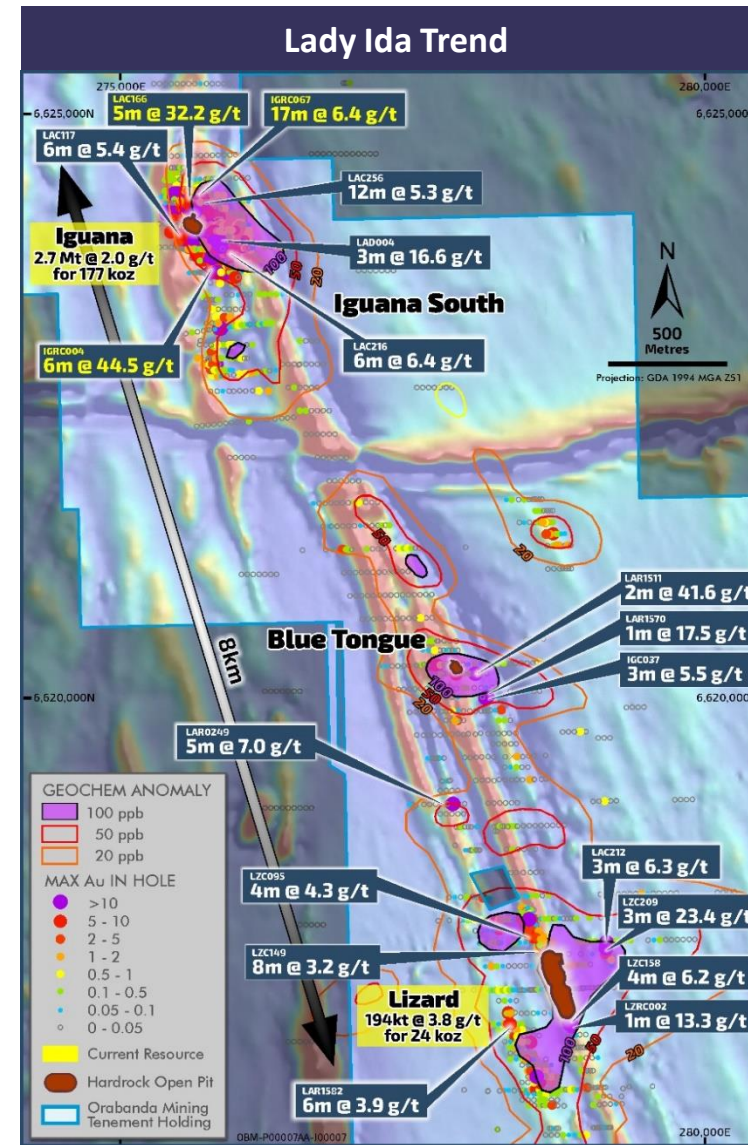

High priority targets include well-defined but poorly-tested prospect-scale gold occurrences

¹ The Company is presently intending to target the advanced exploration sites.

HIGH ORDER PROSPECTS TO BE TESTED

- Prospective for numerous open targets
- Well defined but poorly tested advanced prospect scale gold mineralisation
- 10 km long coherent 100ppb geochemical soil anomaly
- No broad scale drilling undertaken
- Limited exploration drilling has produced compelling results
- Historical Open Pit mines include Lady Gladys, Mulline Rose and numerous surface laterite pits

- Prospective for numerous open targets
- Well defined but poorly tested mineralised trend
- Significant intersections require follow up
- Some wide space drilling on 400m line spacing
- Historical Open Pit mining includes Iguana and Lizard
- No broad scale exploration undertaken

* For further drilling details refer to EGS website; Project Overview www.easterngoldfields.com.au

* Refer to ASX announcement dated 15 December 2016 & 3 January 2017 and to ASX release "Swan Gold Prospectus", 13/2/2013, for classified Mineral Resources reported in accordance with the JORC Code.

** Refer to ASX announcement dated 20 February 2017, and for further drilling details refer EGS website; Project Overview www.easterngoldfields.com.au

LIMITED FOLLOW-UP TO PRIOR RESULTS

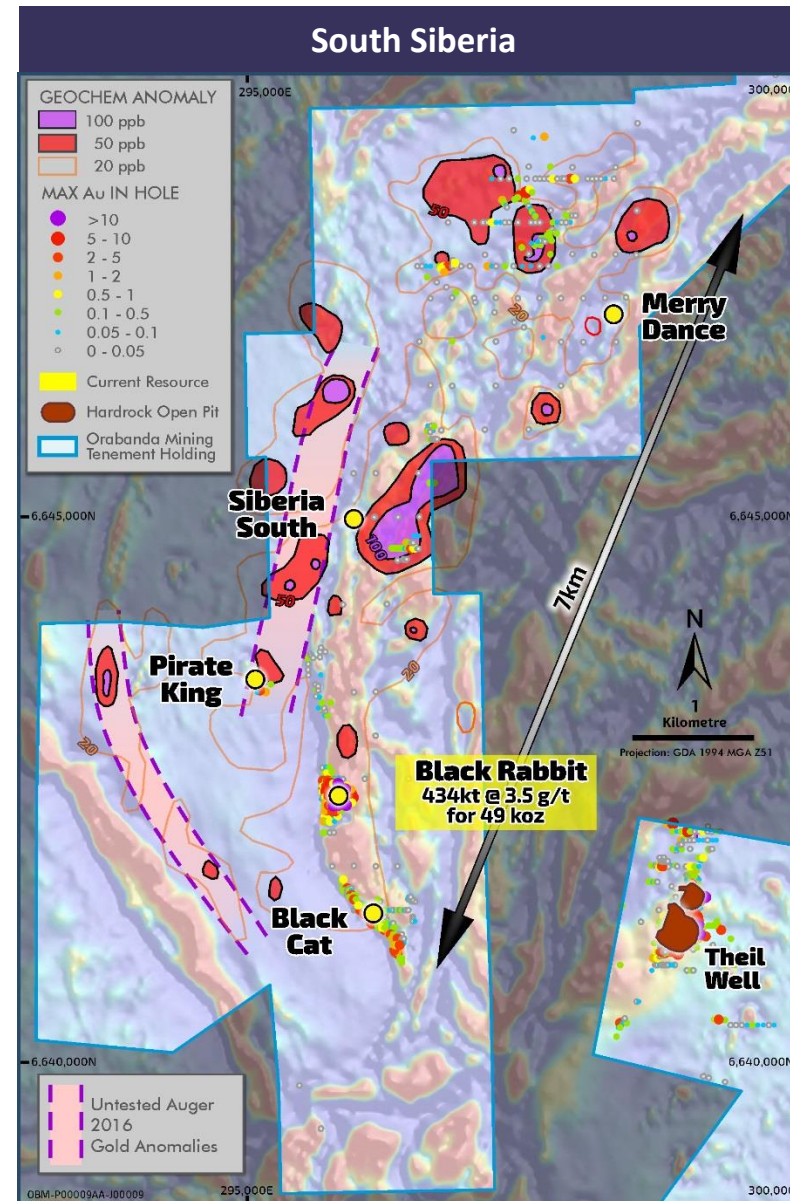

71

71 surface samples assaying +1.0g/t, with no RC /Diamond drilling within 200m

113

113 RAB samples assaying +1.0g/t, with no RC or diamond drilling within 200m

- Two newly defined (2016) large scale trends – untested by drilling
- Auger drilling utilised to target gold enriched calereous soil horizon
- Two new geochemical corridors set west of the known mineralised trend
- Over 9km of combined strike with single point peaks > 300ppb

* Refer to ASX announcement dated 15 December 2016 & 3 January 2017 and to ASX release "Swan Gold Prospectus", 13/2/2013, for classified Mineral Resources reported in accordance with the JORC Code

INVESTMENT HIGHLIGHTS

STRONG NEWSFLOW & MULTIPLE CATALYSTS

Exploration newsflow to culminate in multiple Resources & Reserves being updated

Coincident mine planning and development activities, including capital optimisation study, the DFS and ultimately the re-start of gold production

¹Subject to successful DFS

INVESTMENT SUMMARY

1. Existing Processing Hub (@ 1.2Mtpa)
2. Large & Prospective Landholding (1,336km²)
3. Known High Grade Resources
4. Tier 1 Gold Mining Jurisdiction
5. Experienced New Resources Board
6. Strong Balance Sheet & Well Capitalised
7. Targeting Near Term Production & Cash Flow Potential
8. Low Cost Re-start Limits Dilution

1. All Resources listed with the exception of the Missouri and Sand King Resources were prepared and first disclosed under the JORC Code 2004 (refer to ASX release "Swan Gold Prospectus", 13/2/2013). It has not been updated since to comply with JORC Code 2012 on the basis that the information has not materially changed since it was last reported.
2. The Missouri and Sand King Mineral Resources has been updated and complies with all relevant aspects of the JORC Code 2012, and initially released to the market on 15 December 2016 (Missouri) 3 January 2017 (Sand King).
3. The First Hit and Lady Bountiful Resources are no longer held by the Company and as such have been omitted from the above table.
4. The adjacent table contains rounding errors.
